DDWings® bike seat from Italy

DD WINGS®

The DDWings bike seat is made to deal with the following objectives:

- eliminate weight from the perineal area of the body,
- with no pressure on your vital parts, comfort & health issues are optimised,
- unimpeded ventilation to that part of the body,
- no more worn clothing between your legs,
- multiple adjustment possibilities of the seat configuration allows you to find your perfect sitting position [adjustments in 3 directions— tilt, slide & height],
